

Spay/Neuter Agreement

The purchaser agrees that the AKC Black Russian Terrier, eligible for registration, purchased from the Seller, Donna L. Renton, identified as _____, was sold as a companion and for no other purpose.

The purchaser understands that the Seller will provide AKC registration papers for the Black Russian Terrier after the purchaser provides proof the Black Russian Terrier has been spayed or neutered as appropriate.

Puppies will be altered (spayed/neutered) by no later than 6 months of age and not earlier than is approved by the purchaser's licensed veterinarian.

Adult companion Black Russian Terriers will be altered after a one month adjustment period in their new home environment.

The spay/neuter certificate will be provided to Donna L. Renton, by mail, delivered to 19497 S. Logan Dr., Beavercreek, OR. 97004. The spay/neuter certificate must be issued by a licensed veterinarian.

After receipt of the spay/neuter agreement Donna L. Renton agrees to provide an AKC limited registration certificate for the Black Russian Terrier sold to the purchaser.

Limited registration limits the purchaser from showing the Black Russian Terrier in Conformation classes at AKC shows and denies the purchaser the ability to register puppies out of the Black Russian Terrier.
